

Dear New Members of the ESNR,

As the President of the European Society of Neuroradiology, and on behalf of the Executive Committee of the ESNR, it gives me great pleasure to welcome you in our rapidly growing society.

It is my great pleasure to announce that this year during the General Assembly in Edinburgh, the applications of 75 full, 111 junior and 57 associate members were approved, thereby increasing the membership of our society to a total of 1200 individual members. I am proud to announce that we have members not only from Europe but also from all over the world; from America to Asia, and Africa, including Chili, Brazil, Mexico, USA, Canada, Singapore, Korea, Japan, Saudi Arabia, South Africa and many more countries.

Recently, Neuroradiological Societies and Sections of Belgium, Denmark, France, Germany, Greece, Hungary, Italy, Netherlands, Portugal, Spain, Turkey joined the ESNR as Institutional Members. With those new intakes, ESNR now represents more than 4000 neuroradiologists all over the World.

You have all chosen to be part of our society because of your passion for Neuroradiology. This passion which is so central to our Society's life, will not only help us increasing our productivity but will also help you reaching your individual goals. You are now a member of ESNR, a society that that will support you in your professional development and that will represent you, your views and your interests in European and World Radiology, as well as in the world of Neurosciences where Neuroradiology plays an ever increasing role.

I sincerely hope that you will enjoy being a member of our society, and I hope that you will actively engage in all the various aspects of its activities so that it becomes an even more vibrant place than it already is. Your contribution and involvement will be key to the further development not only of our Society but of Neuroradiology in all its aspects. I would therefore very much like to encourage you to contact me or any members of the Executive Committee to exchange your views and aspirations that we are committed to realize. We will work hard for you and with you to achieve our common goals, on a journey which I hope will prove to be as fulfilling for you as it is for us.

Prof. Dr. E. Turgut Tali
